Opportunity #1: How do we reach our adult learners differently and provide additional services to support their career success?

Changing the way we meet the needs of our adult learners...

- ☐ More than just a G.E.D
- □ Make it convenient for the learner

- ☐ Change the "feel" by changing the environment
- Exposure to the opportunities by "Selling you a future!"
- "Big Picture" thinking

WHAT NEXT? The answer to the question is right in front of you!

- ☐ Once you earn your GED, what do you do next?
- ☐ What skills/tasks will I have to know?

What job opportunities are available?

☐ How can I afford this?

Opportunity #2:
How can we turn this into a work-based learning experience for our CTE Students?

Handshake, Not a Handout

Offer students WBL experiences typically not available

 Offer trade industry partners opportunities to develop a talent pipeline
